EXPERIENCE

Ceridian Dayforce May '19 - Dec '19
Mobile QA

- **Built new Recruiting and Directory features and addressed client reported bugs** in collaboration with developers, business analysts, and UI/UX designers
- Increased accessibility testing coverage by **35%**, following Web Content Accessibility Guidelines (WCAG) 2.0 criteria
- Analyzed product requirements to develop and automate unit, regression, UI, and performance mobile testing plans in **Cucumber**
- Performed extensive database testing with **SQL**

START Conference Jun '17 - Jun '18
Chair // github.com/tanzimpathan/START

- Amassed **59%** more delegate applications than in 2016 by launching a rebranding campaign
- Raised **\$18 000** from 9 community sponsors, exceeding the \$10 000 goal
- Managed and delegated a 19-person executive team with roles in marketing, finance, AV, and event planning

PROJECTS

@theDiasporaBot Nov '19 - Current
Developer // twitter.com/theDiasporaBot

- **Built a Twitter bot** that writes South Asian "diaspora poetry", given a corpus of political speeches, classic literature, and lists of foods and geographic landmarks
- Developed the bot with **Python** and **Twitter APIs**

Portfolio Website Dec '18 - Dec '19
Web Developer & Designer // tanzimpathan.github.io

- **Developed a personal portfolio website** using **HTML, CSS, and Javascript**
- Used media queries to ensure cross-platform responsive design
- Designed personalized animated elements and backgrounds with **Procreate** and **Adobe Photoshop**

Motiv App Feb '19
UI/UX Designer // github.com/tanzimpathan/motiv

- **Designed, prototyped, and pitched a mobile app** to connect young professionals to networking events in their vicinity at ElleHacks @ YorkU
- Created a cohesive brand UI style guide and designed all elements in **Adobe Photoshop** to adhere to it
- Developed wireframes and an interactive prototype with **FramerX**
- Conducted extensive UX research and usability testing throughout the entire development of the app
